Dialog: protistrup za polarizacijo

Dialog ni pogovor.
Je vrsta družbenih odnosov

Kaj lahko storimo
za boljši dialog, za boljše
skupnosti?

Predavamo mladim o dialogu?

Mične zgodbe?

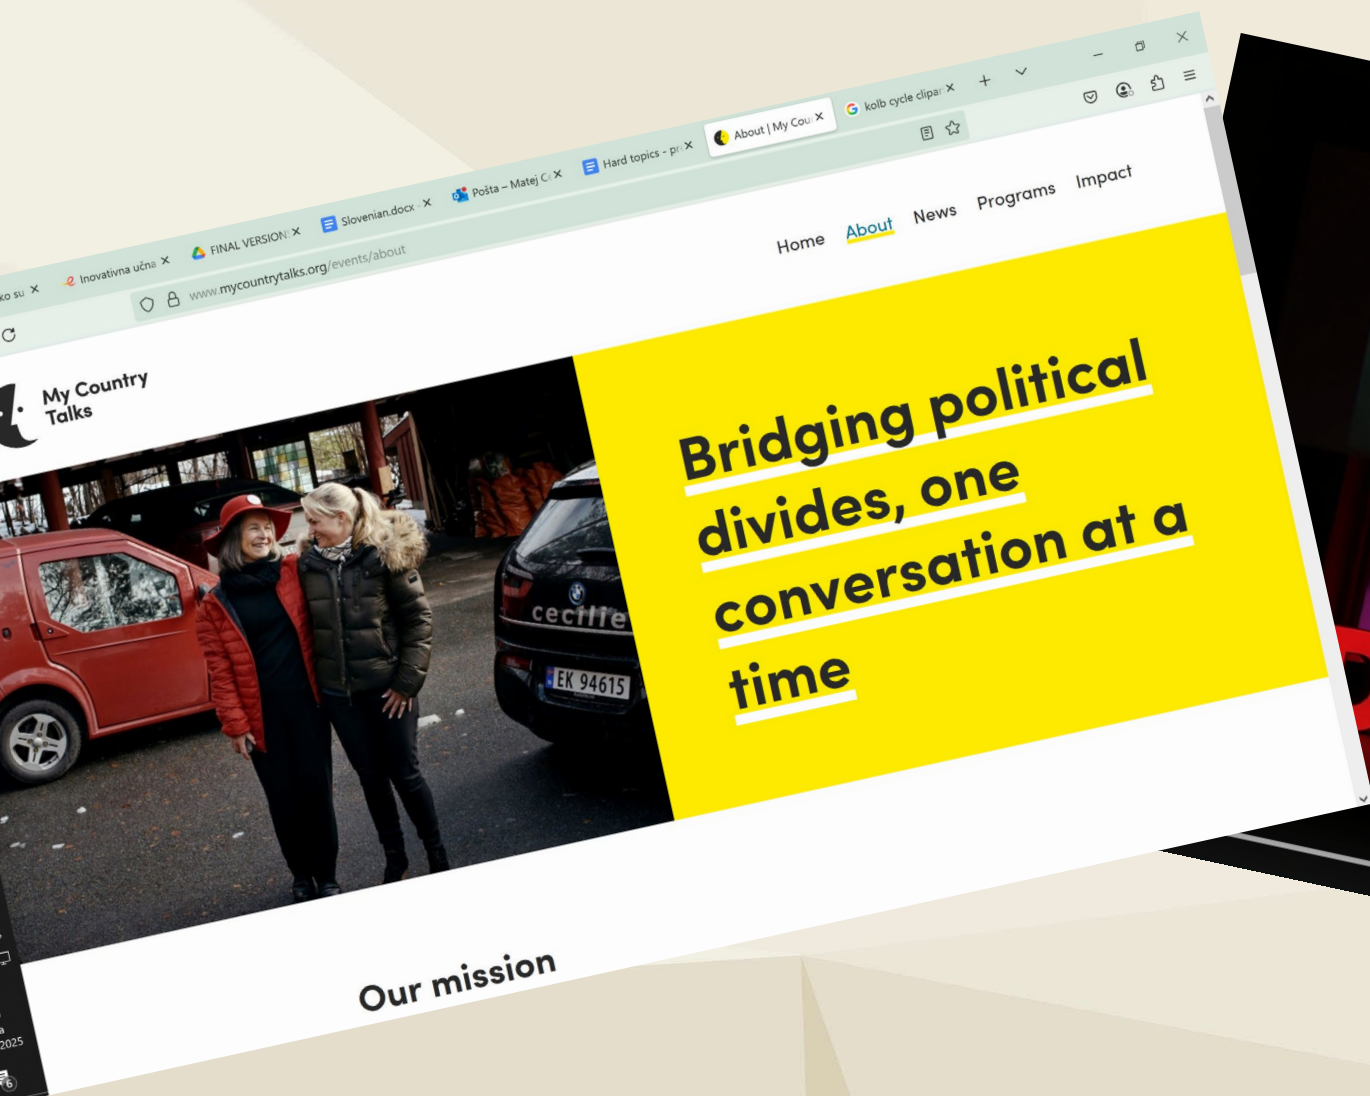

Igre vlog in simulacijske vaje?

Ena najvišjih možnih stopenj izkustvenega učenja:

Omogočiti pristen dialog o „težkih temah“

Ideja:
Vsakdo bi lahko organiziral
takšna srečanja, ne le Die Zeit.

I found the conversation very rich and interesting, the positive: the exchange, the different ways to interpret the same question. The negative: the short time we had to answer the questions

2025-06-14 11:39:17

very fun and entertaining. We could talk about the randomest things even if we dont have the same opinion :)

2025-06-14 11:35:06

Some questions and terminology could be clarified, eg. 'efficient'.

2025-06-14 11:34:47

I love our conversation as it was very respectful and open-minded. Unfortunately we didn't have very different positions so we didn't have a lot to discuss. More importantly, I got the chance to meet another interesting person!

2025-06-14 11:34:23

It was very cool :) Thank you

2025-06-14 11:34:21

Thanks for the great and thought-provoking debates

2025-06-14 11:34:14

Thank you for the lovely activity! I learned so much talking to the other person even if most of our answers were close. I really liked the different topics mentioned and how you can interpret them in very different ways.

2025-06-14 11:33:50

All positive, i had a very nice conversation. Perhaps it would be nice to have the opportunity to select the language. I understood a question wrong

2025-06-14 11:33:10

The conversation was very rich, as a positive I would say the differents interpretations of an same question as negative that we had too short time to answer our questions andthen so quick answers

2025-06-14 11:32:51

It was interesting. Very good format and the guidelines were very helpful

Primeri odzivov

- Presegli smo okvire svojih "ideologij" in razpravljali brez etiket, pri čemer smo **ugotovili, da si v marsičem sploh nismo tako različni.**
- Zanimivo je bilo, ker sva se s sogovornikom **glede marsičesa strinjala, a sva vprašanja razumela precej različno.**
- Bilo je zelo koristno in zanimivo **poskušati razumeti druge ter jim omogočiti, da razumejo mene.**
- **Če želimo mirno reševati probleme okoli sebe,** je edina rešitev pogovor, pogajanje, medsebojno zaupanje. Hvala vam...
- Priznati moram, da sem **sprva imel nizka pričakovanja,** a po pogovoru s partnerjem sem spoznal, kako pomembno je govoriti z drugimi, razumeti njihove poglede, doseči dogovore in spoštovati njihova stališča.
